Polk Library

THINK: Quick AI Tips for Librarians working with students

Т

Test Ideas
Start with your own thoughts; use AI to challenge and expand.

Н

Highlight Voice
Mix AI suggestions with personal insights; keep writing authentic.

Integrate Insights
Combine AI ideas with reflection and original reasoning.

N

Navigate Stages
Use AI in early stages—brainstorming, outlining, drafting.

K

Keep It Ethical
Verify outputs, maintain integrity, and credit AI appropriately.

"These tips were created in conjunction with ChatGPT and are based on the elicit report titled, 'How does the integration of Al writing tools influence college students' creativity and critical thinking during the process of composing academic research papers?"
